Complimentary Graveside Ceremony Services

The Antelope Valley Cemetery District is proud to provide families with a complimentary one-hour graveside ceremony as part of our service.

To help create a comfortable and meaningful gathering, the cemetery provides:

- Up to 20 chairs
- A canopy for shade
- A small display table
- A podium for speakers

Our staff remains available throughout the ceremony to assist families, funeral directors, clergy, and guests as needed.

This service also includes the witnessing of the lowering of a casket or the placement of cremated remains, allowing families the opportunity for a final moment of reflection and farewell. It is our honor to support families during these important moments of remembrance.

BOUNDARIES

The Antelope Valley Cemetery District is a Los Angeles County Tax-supported Special District established by and for the residents of the District.

Persons **not** residing within the District are required to pay a non-resident fee of **\$650**, if eligible.

The District boundaries are approximately Ave A (Kern County Line) to 320th Street West, east to the San Bernardino County Line, and south to include most of Palmdale, Acton areas.

Priority Headstone Trimming: This is trimming and edging around an individual headstone or marker performed upon request outside of the District's regular maintenance schedule. Routine grounds maintenance is performed according to the District's maintenance schedule. Families requesting maintenance outside of the regular schedule may request Priority Headstone Trimming for the applicable fee.

Endowment Care: This is a permanent fund established to help ensure that the cemetery will continue to be maintained for generations to come. The principal of the fund is preserved, while investment earnings are used to assist with the ongoing care, preservation, and maintenance of the cemetery's grounds, infrastructure, and common areas.

Additional One-Hour Fee: 60 minutes of ceremony time added to the complimentary one-hour ceremony time for a total of two (2) full hours of ceremony time. Scheduling is required. The additional one-hour fee must be paid three business days prior to a scheduled service.
